Hi Ana,

This is a terrific draft. You should be really proud of the work you've done here. You provide really insightful analysis, and your writing is clear and interesting to read. The strength of this paper lies in the balance between the examples from the text and your own analysis.

You'll see I made a couple of comments for revision above. In addition to this, I'd like you to concentrate on the transitions between paragraphs. At the beginning of each new paragraph, I'd like you to create a transition that connects back to your thesis. For example, you could say things like, "Another way that Wiesel captures the audience is..." or "In addition to... Wiesel also uses... to drive home his point," etc.

As always, let me know if you have any questions. I'm looking forward to reading your final draft.
